

August 10, 2011 For Immediate Release Carthage, NC. Congratulations are extended to Moore County Government GIS Director Chris Koltyk for his professional accomplishments and appointment by the Governor, to a three year nomination into the Geographic Information Coordinating Council. North Carolina

Association of County Commissioners appointed Chris Koltyk, for his expertise and experience in the GIS industry, and on August 9th

the Governor signed Mr. Koltyk's nomination. The North Carolina Geographic Information Coordinating Council was established by the NC General Assembly to develop policies regarding the use of geographic information, GIS, and related technologies. The GICC conducts strategic planning, resolves policy and technology issues, and provides coordination of State, local and private sector GIS efforts.
